

KOSHER WORLD ADVENTURES

OFFERING KOSHER VACATIONS THROUGHTOUT THE WORLD SINCE 2015

KWA's Hiking Assessment

In order for you to have the best, healthiest, and safest KWA experience we are sharing with you our KWA hiking assessment where you will be asked to assess if you are more of a Hiker or more of a Walker.

The hikers' group is open to those:

1. That have experience hiking.
2. That have been on 6k hikes.
3. That have been on hikes that have lasted 7-8 hours.
4. To people who have experienced ascending and descending mountain trails up to 200 meters elevation.

The walkers' group is open to those:

1. That walking is part of their routine.
2. People who can walk on uneven ground for 3-4 hours.
3. People who love nature and want to experience it at a leisurely pace.

As your and the group's health and safety are our paramount concern, therefore

1. Being in a hiking level
2. Being moved to a different group
3. Being asked not to hike at all

Will be at the total discretion of the program leader. This will be done without a refund or discount.

I am interested in signing up for Hikers / Walkers
